Chairman's Report

It hardly seems possible that almost a year has passed since I was appointed as Chairman. So yet again may I say how privileged I feel to have been appointed as Chairman of Youth Wing Cricket Club, after an absence of 6 years in the management.

The club is moving forward both on and off the field, however there is plenty of opportunity of increasing the membership of colts and adults. We are also hoping that the parents will get involved and want to play themselves.

I am pleased of the new encouraging development the club has undertaken with the continuation of sports and physical activities during the winter months. This is a great opportunity for all, young and adults to get involved.

There are many challenges ahead which must be overcome before our ambitions of a permanent home ground with a clubhouse can be achieved. I am convinced that if we continue to act as an efficient, well managed and unified body then there is no reason why the club's progress cannot be sustained.

To run a club and its activities is very demanding on players and the administrators and I want to thank all players, committee members and volunteers for their efforts throughout the year. It is impossible to run a club just on membership and my sincere thanks to our sponsors ASK Electronics and Club 2000, as well as all other people who have supported us with our brochure.

Sunday Captains Report

It gives me great pleasure to report on a season, though sprinkled with some individual and team brilliance, where perhaps we should be a bit more disappointed than not. It was a season filled with too many "what ifs", but a pleasant and successful season nonetheless. I was again privileged to lead a team of talented cricketers around the various grounds of Middlesex and, although we finished mid-table, all of this happy band of cricketers will admit it could have been better had we not lost crunch games.

So a brief summary, we won 7 games, lost 6 and had a game rained off. Too far off for promotion and too far ahead for relegation.

The bowling this season was what got us 4th this year as appose to last year where it was batting that was really good. The bowling, however, lacked the strike potential it perhaps once had. Bowling good lines and lengths on the tracks is the only real way of making in-roads given we do not possess an all-out fast strike bowler, which is where we can improve. Can't really explain why batting was so bad this year, what was once our strength, now was a joke at time. Partnerships are the key and we didn't get many. Fielding is still the same, good games and bad games.

Although there is a lot of achievements to mention during this season, I can't go through them all so have picked out a few. I would like to mention the continued efforts of Ramesh who keeps rolling the arm over year after year producing fantastic results with the ball, again ending with the best Sunday season figures. Also, I must mention pra-Shaun who had a good spell of bowling against west harrow. The only bowler who managed to trouble the batter who made 100 or so (about 60%) of the runs they needed for victory, and had him dropped 3 times.

I liked to thank everyone for there help during the season both on and off the field, especially Jigar Snr for getting the team sorted and everything. I'd like to see a season where we can put everything together, ball bat and field consistently, too many people were giving up if were not on top from the get go, no fight or confidence would drop just because they took a wicket or got a partnership going, supporting each other and that will see the club going upwards.

Thanks

Aval Patel

Saturday Captain Report

Once again another exciting season is over, with the club coming 4th in the league.

This year has been a very interesting one for me, especially when you have to manage the player's availability to ensure we get a good team out and eagerness to perform on the pitch. This in turn showed me some outstanding performance and contribution on the pitch by the next generation of YWCC cricketers

Neil has as been a good Vice Captain this season with ideas and views to help as well as taking over the captaincy when required which has been very beneficially to me and him as a future captain.

I am very proud to say that the contribution from Hemant, Aval, Anish, Jaymesh, Luke, Neil and others who have helped to better develop the coaching of the younger members and also to promote the enthusiasm of the game and club with others.

There were some outstanding performances from key players and new developing players, which has helped us reach our final position within the league this year.

Last but not least I would like to thanks everyone for their hard work and effort during the season both on the field, with some particularly strong performances from both senior and junior members and off the field with organising the tea during the season.

It has been a great delight and pleasure to lead the YWCC Saturday side, and look forward to doing so again given the opportunity.

Many thanks & warmest regards
